

Welcome Baskets

Each new resident at the Methodist Children's Home is provided with basic essentials to help ease their transition to our Home. Each youth walks into their bedroom to find a brand new bed set and hygiene kit. This is one of the first welcoming signs our youth see upon arrival. Great care is taken to provide fun, colorful, or themed bedding that would appeal to any teenager. A comforter with a favorite sports team logo or colorful ice cream cone bedding set might be the first thing a new resident may be able to claim as their own for the first time in a long time. We invite you to share in this special ministry by selecting Welcome Basket items for donation.
